

- **Run your search.** Next review search results and any references you are interested in. Then **click the bookmark icon** to save individual results.

- You can also save your results to a Project. Click the **three dots** next to the item and click **"Add to Project"**. \*You must be logged in to your MyEBSCOhost account to save projects. Create an account if you don't have one already.

- Click on **"Saved"** on the left hand side of your screen under **"My Dashboard"** to view your saved articles.

**To export or download your saved items :**

**Step 1)**

Access your saved results. Click the checkbox near the **"Number of records"** text, then choose either the **download** or **export** icon.

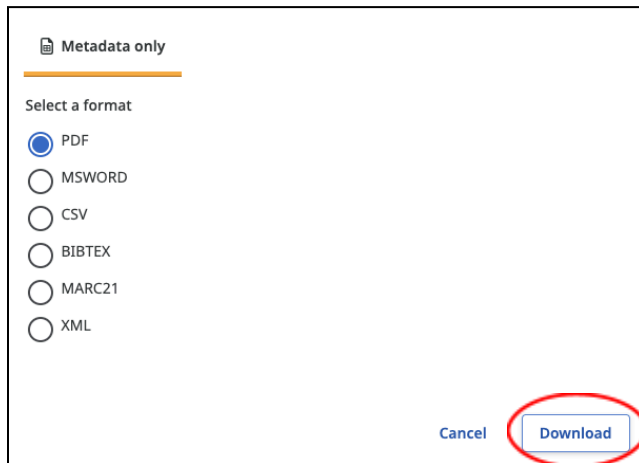

## Step 2)

Choose either to download or export.

### To download:

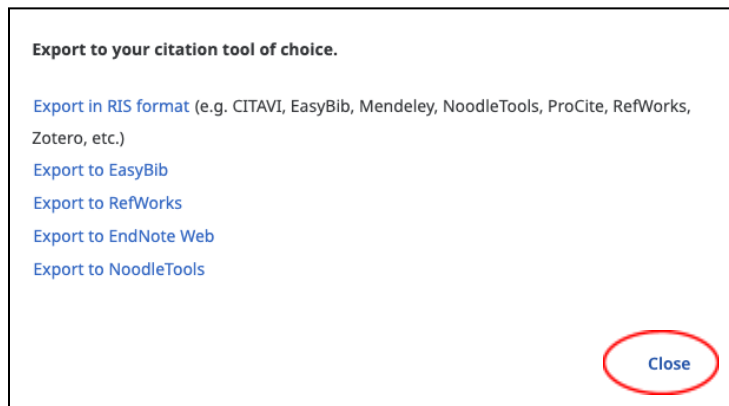

Choose the “**format**” you would like to download your results information as. Then click “**Download**”.

The screenshot shows a dialog box titled "Metadata only" with a document icon. Below the title, it says "Select a format". There are six radio button options: PDF (selected), MSWORD, CSV, BIBTEX, MARC21, and XML. At the bottom right, there are two buttons: "Cancel" and "Download". The "Download" button is circled in red.

### Export as an RIS for Zotero and citation management software:

Choose a software by pressing an option from on the blue / “**Export to...**” text selections.

The screenshot shows a dialog box titled "Export to your citation tool of choice." It contains a list of options: "Export in RIS format (e.g. CITAVI, EasyBib, Mendeley, NoodleTools, ProCite, RefWorks, Zotero, etc.)", "Export to EasyBib", "Export to RefWorks", "Export to EndNote Web", and "Export to NoodleTools". At the bottom right, there is a "Close" button circled in red.
